SKU: 30200-E

- Various sizes
- Inclined roof
- Fully welded
- Back wall and side walls in the upper part made of macrolon glazing
- With carrying handles

PRODUCT DESCRIPTION

DRESDEN TEAM CABIN IN VARIOUS LENGTHS

The **DRESDEN team cabin** is made of thick-walled aluminum profiles and reinforced several times. This results in an exceptionally **stable and durable team cabin**. The upper part of the rear wall as well as the side walls are made of macrolon glazing, which ensures optimal visibility. The roof is inclined to the rear so that rain can run off. In addition, the cabin has carrying handles welded on both sides for **comfortable transport** and welded lugs (4 pieces) for floor anchoring. For a reliable fastening, we recommend our matching **ground anchor sockets (set of 4)**.

Robust cabin made of aluminum

The team cabin is available as standard in **3 m, 4 m, 5 m and 6 m** length. Further lengths are available **on request**. All versions have a height of 2.25 m and a depth of 1 m. The cabin is delivered in one piece, so that **no major assembly effort is required**. On the part of

artec® sports equipment we recommend the additional anchoring to the ground.

The cabins from artec® are guaranteed not to leave you sitting in the rain! With our high-quality cabins you can enjoy the game protected from wind and weather. Please also inform yourself about technical details of our top quality team cabins!

Coach cabins and more directly from the manufacturer

At artec® you can get everything for the soccer field from one source: In addition to the type DRESDEN team cabin, you can get goals in various designs (e.g. soccer goals in the size 7.32 x 2.44 m, training goals or youth soccer goals), goal nets and other soccer accessories.
