SKU: 30196-E

- Various sizes
- Inclined roof
- Fully welded
- Made of aluminum
- Back wall and upper side walls made of macrolon glazing
- With carrying handles

## PRODUCT DESCRIPTION

### TEAM CABIN ESSEN MADE OF ALUMINUM

The **team cabin ESSEN** is made of thick-walled aluminum profiles and reinforced several times. This results in an exceptionally **stable and durable team cabin**. The back wall is completely made of macrolon glazing, while the side walls are equipped with macrolon in the upper part. The roof is inclined to the rear so that rain can run off. In addition, the cabin has carrying handles welded on both sides for **comfortable transport** and welded lugs (4 pieces) for floor anchoring. For a reliable fastening, we recommend our matching [ground anchor sockets \(set of 4\)](#).

### Team and coaches cabin in different sizes

The team cabin is available as standard in **3 m, 4 m and 5 m** length. Further lengths are available **on request**. All versions have a height of 2.25 m and a depth of 1 m. The cabin is delivered in one piece, so that **no major assembly effort** is required. On the part of artec®
