

TEAM CABIN WITH SEAT BUCKETS MUNICH

SKU: 30195-S

- Length 5 m
- Curved roof
- Made of aluminum
- In the upper area made of macrolon
- With carrying handles and base plate

PRODUCT DESCRIPTION

TEAM CABIN WITH SEAT BUCKETS MADE OF ALUMINUM AND MACROLON

The **team cabin with seat buckets** of the MUNICH type is made of thick-walled aluminum profiles and reinforced several times. This results in an **extraordinarily stable and durable premium class teamcabin**. The upper area of the rear wall as well as the side walls is also made of macrolon glazing for optimal visibility. The roof is curved backwards so that rain can drain away. In addition, the cabin has carrying handles welded on both sides for **comfortable transport** and welded lugs (5 pieces) for floor anchoring. For a reliable fastening, we recommend our matching [ground anchor sockets \(set of 4\)](#).

Modern and robust coach bench

The coach cabin has a **length of 5 m**. It also has a height of 2.25 m and a depth of 1 m. The cabin is delivered in one piece, so that **no major assembly effort** is required. On the part of artec® we recommend the additional anchoring to the ground.

The team cabin with seat buckets from artec® Sportgeräte will not leave you sitting in the rain! Protected from wind and weather, you can watch the game in the team cabin made of aluminum. Our cabins are manufactured in Germany **in the highest quality** and are therefore used on many sports grounds. Please also inform yourself about technical details of our [top quality team cabins!](#)

High quality sports equipment directly from the manufacturer

At artec® you get everything for the sports and soccer ground from one source: In addition to the team cabin with seating buckets, you get goals in different designs (e.g. [soccer goals](#) in the size 7.32 x 2.44 m, [youth soccer goals](#) or [recreational goals](#)), [goal nets](#) and other [soccer accessories](#).
