

TRANSPORTABLE TRAINING SOCCER GOAL PROTECTOR EASYTEC

SKU: 30024-E

- Longitudinally movable
- With anti-tilt device
- Oval base frame
- Safety net hooks
- Projection: 2.00 m

PRODUCT DESCRIPTION

TRANSPORTABLE TRAINING GOAL - FLEXIBLE USE

The **easytec net suspension**, with which the training goal is equipped, includes extremely flat plastic net hooks. These can be mounted quickly and easily in the aluminum profile. Compared to the milled-in net suspension, this is the more cost-effective alternative. A **secure hold of the goal net** as well as the safety of the athletes can still be ensured due to the excellent construction.

Transportable training goal in the **size of 7.32 x 2.44 m**. This goal has an anti-tilt device with wheels bolted to the ground frame. It is also equipped with net hoops. This results in an upper extension of 0.80 m and a lower extension of 2.00 m. The transportable training goal is made of robust aluminum profiles. These profiles are oval and have the dimensions 100 x 120 mm. **Very high stability** is achieved by **welding the training goal in one piece**.

Quality goal from the manufacturer

The aluminum anti-tilt device is attached to the ground frame and has **wheels** in addition to a steel core filling. The foamed air wheels ensure that the **training goal is transportable** and can be moved around the sports ground. The goal can be moved in longitudinal direction.

The training goal "PROTECTOR" is manufactured according to the valid DIN standard 748 and also has a **TÜV certificate** (TÜV - German Association for Technical Inspection). Thus, the high-quality goal meets all safety requirements.

The pole system for goal net attachment to the ground frame as well as the goal net must be purchased separately.

Top quality training goals and sports equipment

Buy transportable training goal directly from the manufacturer! At artec® Sportgeräte you get everything your soccer heart desires. As a manufacturer of soccer goals and sports equipment, we attach great importance to the quality and durability of our products. artec® offers you a wide range of different goals: Whether soccer training goals, soccer goals for competition, recreational goals, youth goals or even mini goals.
