SKU: 30071-1E

- 5 x 2 m
- Color: white
- Safety net hooks
- Mounting in ground sockets

### PRODUCT DESCRIPTION

#### YOUTH GOAL IN GROUND SOCKETS -EASYTEC-, WHITE

The **TÜV-approved youth goal in ground sockets** with net hooks -easytec- has a dimension of 5 x 2 m and is firmly anchored in the ground with the help of ground sockets (not included). The goal posts are extended so that they can be embedded in the sockets. The youth goal is equipped with net hoops. This results in an **upper projection of 0.80 m**. The lower projection is 1.00 m or 1.50 m, depending on the selected ground frame (not included).

The goal bar as well as the posts of the stationary youth goal are made of **oval aluminum profiles** (100 x 120 mm). The net hoops are also made of round tube profiles (30 x 3 mm). The overall construction of the youth goal has an **extraordinary stability**. This is achieved in particular by the use of high quality materials as well as by the use of strong welding seams.

**Note:** Goal net not included.

## **Stationary youth goal in ground sockets with net hooks**

The easytec version of the stationary **youth goal in white** has a net fastening with the help of **plastic safety net hooks**. These are designed to be extremely flat so that they only protrude slightly from the goal frame profile. The safety of the athletes can therefore be guaranteed. The hooks can also be quickly and easily fixed in the profile and ensure a firm hold of the net in the goal.

## **Youth goals 5 x 2 m directly from the manufacturer**

Buy youth goals in ground sockets directly from the manufacturer! With us, you are guaranteed to find the right goal for your purpose: whether stationary or mobile youth goals, soccer goals in 7.32 x 2.44 m size, training goals, recreational goals or even mini goals in various dimensions - there is something for everyone! As a sports equipment manufacturer, we attach great importance to top quality and durability of our products. Just choose the suitable soccer goal in our webshop and let us convince you! We would also be happy to provide you with more information about the technical details of our goals for youth soccer.
