SKU: 30074-1E

- Type PROTECTOR
- 5 x 2 m
- Color: alu nature
- Safety net hooks
- Fully welded

PRODUCT DESCRIPTION

YOUTH GOAL WITH WHEELS AND WEIGHTS - STABLE AND ANTI-TIPPING

The **youth goal with wheels and weights** -easytec- made of aluminum has the dimensions of 5 x 2 m and is of the highest quality. The posts as well as the goal bar are made of oval profiles (100 x 120 mm) of aluminum. The ground frame, on the other hand, is made of a rectangular profile (80 x 60 mm). The youth goal is completely **welded in one piece** and also has welded corner connectors. In combination with the strong welds, you get a robust and high-quality youth goal. The goal also has **net hoops made of round tubing**, resulting in the following projections: 0.80 m at the top and 1.00 m at the bottom.

The fully welded aluminum youth goal meets the requirements of FIFA as well as DFB (German Football Association). It is manufactured according to the valid DIN 748 and is **TÜV tested** (TÜV - German Association for Technical Inspection).

Note: Goal net not included.

Flat designed net hooks

The net hooks used in the **easytec net suspension** system have a very flat design and therefore protrude only slightly from the goal frame profile. This guarantees the **safety of the athletes**. The attachment of the soccer goal net is quick and easy. On the ground frame, the net is mounted with the help of a tension rope or alternatively with the help of a rod system (not included). For this purpose, the youth goal is equipped with wheels and weights -easytec- with welded eyelets.

Anti-tilt system made of aluminum and steel

The **anti-tilt device** is firmly screwed to the ground frame of the youth goal. It consists of a profile made of aluminum and has a **steel core filling**. Despite the additional weight attached, the goal is **mobile and flexible** on the field, as it is also equipped with special wheels (diameter 250 mm). These have excellent running properties, so that the youth goal can be pushed over uneven surfaces. The youth goal is mobile according to the width.

Goals for every purpose directly from the manufacturer

Buy the youth goal with wheels and weights directly from the manufacturer! With us, you are guaranteed to find the perfect soccer goal for your purpose: whether youth goals in various designs, large field goals for competition, training goals, recreational goals or even mini goals - there is something for everyone!
